

English: We will continue to develop our writing skills through a variety of different text types. Our author focus will be William Shakespeare.

Maths: We will continue to work on our fluency, problem solving and reasoning skills, as well as studying famous mathematicians.

PE: We will be developing our dance and yoga skills, as well as fitness through athletics and rounders.

Science: As scientists, we will be looking at the circle of life for plants and animals, as well as looking at the changes humans undergo in their life.

Computing: We will become AI developers and use iMovie to create a trailer conveying a snapshot of the children's time at school.

Badger and Pine Marten Class

'On Dangerous Ground'

Geography: We will look at the structure of the earth and plate tectonics, before looking at the formation of volcanoes and finally, earthquakes.

History: We will look at famous volcanic eruptions and earthquake disasters from the past, e.g. Pompeii.

Art: We will be looking at Andy Warhol and Roy Lichtenstein, to inspire our Pop Art volcanoes, using bright, block colours.

Music: We will be focusing on analysing songs and creating compositions that convey happiness. Our Summer Production will provide the children with singing and performance opportunities.

RE: We will look at the story of creation, both from the perspective of the Bible and science. We then move onto thinking about how beliefs shape identity in Muslims.

PSHE: We will look at how we change during puberty, think about the transition to secondary school and how to keep ourselves safe with regards to social media.
