

RE

Through a theological lens we will be exploring: Why light is an important symbol for Christians, Jews and Hindus?

What does the Nativity story teach Christians about Jesus?

DT

We will be baking bread and designing our own delicious roll.

PSHE

We will look at 'Being Me in my World' and then thinking about how to celebrate our differences.

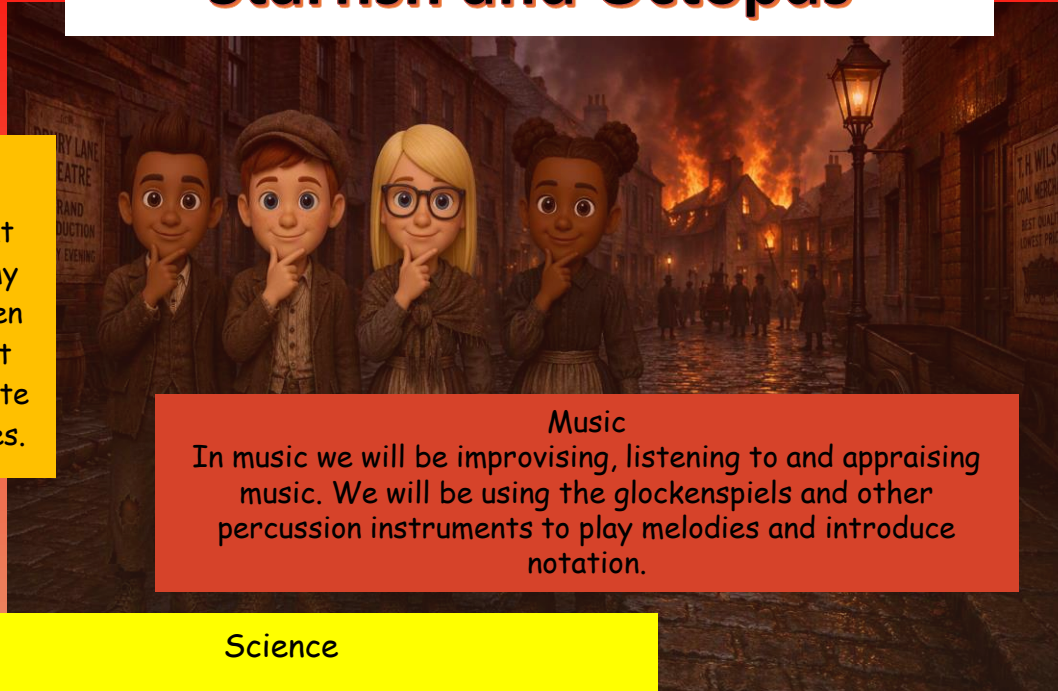

Geography

We will be exploring different parts of the world and exploring the question: Would you prefer to live in a hot or cold place?

London's Burning 2026

Starfish and Octopus

Music

In music we will be improvising, listening to and appraising music. We will be using the glockenspiels and other percussion instruments to play melodies and introduce notation.

Science

In Science we will be answering the big questions: How do scientists find out about the world? We will look at different scientists and their differing approaches to exploring the world.

We then become scientists ourselves exploring materials and how their properties make them suitable for different purposes.

History

Throughout the term we will be learning all about The Great Fire of London and the impact this significant event had on Britain.

Computing

We will be learning about bugs and debugging using ScratchJr.

We will be taking photographs and using stop frame animation to create our own retelling of The Great Fire.

PE

We will be learning how to aim for a target and send and receive a ball in our outdoor lessons. Indoors, we will focus on fitness fundamentals and Yoga.

English

In Literacy we will be learning about stories with familiar settings, writing and performing poetry as well as looking at important diaries including one from Samuel Pepys!

Maths

We will be focusing on place value, addition and subtraction and money. Reasoning will be used to solve mathematical problems and to explain our thinking.

Art

We will be using mixed media to create pictures of London at the time of the Great Fire using paint and collage. Our focus artist will be John Piper.
